Jerry Schooling has just received a cask of delicious syrup known as "White Crystal." It is almost colorless, and so thick that it appears like jelly. Some of his new groceries are put up in a most attractive way. He has tea packed in fine earthen teapots and lard in stewpans. The dishes are given away with the groceries. These things are much better than chromos. It may yet be possible for a customer to get a stove thrown in, bys-and-bye, when he buys a ham or a roll of bacon.

New Year's Eve Ball.

The ball to be given on Friday evening by the Amateur Quadrille Band will probably prove one of the most pleasant social affairs of the season Everybody seems to be going. Recently he was found in the rear of his house, standing on a box and fancying himself to be the Egyptian Obelisk. He has had a large experience, and is an old resident of Reno, having had an office and done business here for ten years. The GAZETTE has cast some hard reflections upon Captain Gilson in times past, but upon investigation it has proven that it was too fast. It does not set itself up as a judge over any man, and it would not prevent any man from doing his best work, and if he is really trying to do well, it would not drag him down.

GOODS.

If you go to the right place to get them. This is a mighty important point, or some people who assert that they sell cheap do nothing of the kind. We do not boast when we say that we defy competition in prices in anything in our line. Besides this we have only one price. We have no preferred customers. Everybody is treated alike at our establishment. Our stock is the largest and most complete ever offered in any part of this State. Everything we have is new. No old, musty and out-of-date goods can be found on our shelves. We receive daily by rail and express the latest and best goods, which are obtained at first hand and sold at prices below those now prevailing in New York and Chicago. Let the people come and judge of our prices and examine our stock before going into those humbugging, Cheap John shops, in which they drum into the ear of the customer that they sell at cost an I even below cost. Anybody with common sense must know that they lie. No storekeeper sells goods for the fun of the thing. We make a proft on everything we sell, as every honest merchant does, and don't print foolish falsehoods in the vain hope of decieving the public. One must make a profit to live. We particularly call attention to our full stock of fancy underwear, such as is kept nowhere else in Reno. This class of goods form one of our specialties. Orders from the country promptly atended to. Look out for the White Building with the Gold Sign.

THE BOSS!

Edison Outdone.

Over 150,000 Sold.

Patented April 2, 1878, June 11, 1878, and July 8, 1879.

Boss Coffee, Tea Pots & Urns.

It is the Boss! Why? Because it produce Boss Coffee. It makes rich flavored Coffee! Why? Be-cause all the aroms and food are retained

cause all the aroma and food are retained.
It beats them all! Why? Because it saves
100 per cent over boiled Coffee, which is
not Coffee, but bitter water. Second—Because it saves 50 per cent over any other
method of making Coffee. Third—Because it saves eggs and trouble of clarifying, Fourth—Because it makes Coffee
as clear as red wine. Fifth—Because it
takes only two minutes to make Boss
Coffee.

The Boss works as well on Tea, and saves 25 to 50 per cent.

While Edison may furnish light to millions. the BOSS will assuredly give health to all who use it. Thousands have become dyspeptic and billions irom drinking boiled coffee or BITTER WATER, (boiled coffee is not coffee, but bitter water POISONED with coffee picotine). Stop drinking boiled coffee. Make your coffee as NATURE ORDAINED, and restore your health. Many inventors have racked their brain to furnish the human ismily with a practical method of making coffee. At last the HAFFY RESULT has been accomplished in the production of very cheap and simple Pote and Urns celebrated as the BOSS. No failures of connection. Connects at Lake view, Oregon, with stages for Chewaucan Silver Lake, Summer Lake, Abbot's Lake Prinesville and The Dalles, also with stages for Drew's Valley, Linkville, Sprague River, and Ashland.

To Whom IT MAY CONCERN.— After thoroughly testing the BOSS COFFEE POT, we, the undersigned, fully endorse the same as the best method of making Coffee we have ever seen. Besides saving eggs, it will save a large per cent. of the Coffee. It produces to the coffee which is mostronger, and has a more delicious flavor that any coffee made by any other process.
